

Discount codes for printer and filament

I am in the process of obtaining discount codes from various manufacturers. Unlike many affiliate links these give discounts on purchases and are more difficult to obtain. In my requests I ask that they give me the codes with the most discounts for users even if it means a smaller commission.

Presently I have the following discounts codes available. They may not work with some discounted items.

Creality

\$60 off certain printers orders (K2 Pro and K2 Plus) | Coupon code: **Darren**

The code is limited to certain geographic regions.

I will add to the list as I obtain more discount and affiliates codes and links.

Thank you for your support.
